

# Glenmore Landing Redevelopment Update

## Project Status

In Spring 2023, RioCan prepared and submitted 3 applications to the City of Calgary for Glenmore Landing Shopping Centre; an Outline Plan, Land Use Redesignation, and Draft Plan of Subdivision.

Over the summer, we have been working with the City of Calgary to refine our applications and as we continue to do so, we want to re-engage with community members and tenants for further feedback. We want to share what we heard from you and how we have addressed your comments in our applications.

## Upcoming Community Engagement

The in-person Information Session scheduled for October 25<sup>th</sup>, 2023, is sold out.

To provide an additional opportunity for individuals who were unable to register for the Information Session, we are hosting an online webinar available for the public to attend. The webinar will include a short presentation, and a moderated question and answer period. Participants will be able to submit their questions of RioCan and the project team during the webinar.

### Online Webinar Details

**Date:** November 14, 2023

**Time:** 7- 8pm

**Location:** Online [Link to join the webinar will be provided after you register]

Registration and full event details can be found via the link or QR code provided below:
